NOTE FOR: The Director
FROM: Dave Gries
SUBJECT: Statement before Senate Intelligence Committee on
New Oversight Legislation

STAT

The NSC staff is very anxious to receive a copy of the statement you will give before Senate Intelligence Committee this Friday on the Boren-Cohen Oversight bill. I sent a copy of the statement to you for review on 13 November.

The opening statement tracks the draft letter on the bill, which you have already reviewed. It would be helpful if we could forward the draft statement to the NSC this afternoon with a note emphasizing that you have not yet had a chance to sign off on it.

Forward draft statement to NSC today, but make clear it is still subject to revision.

Do not forward draft statement to NSC today.
